Why Choose a VTCT Diploma?

High Recognition & Credibility

VTCT qualifications are widely recognized in the UK, Europe, and internationally. Many salons, spas, and beauty centers and insurance providers prefer VTCT-qualified professionals due to the high-quality training required to achieve this certification.

Career Opportunities

This qualification opens doors to various roles within the nail industry, including working in salons, spas, and nail bars, or even starting your own salon, home-based, or mobile business. Since the certification is internationally recognized, you can also pursue opportunities on cruise ships, luxury hotels, and international resorts.

International Work & Mobility

Many countries recognize VTCT as a gold standard in beauty and nail therapy. This makes it easier to apply for international jobs or relocate for work for example in the USA, Australia, Canada, Europe, and the Middle East.

Pathway to Further Education & Specialization

This qualification can also lead to teaching and training opportunities, allowing you to progress to higher levels, such as Level 4 & 5 in Teaching, Assessing, and so on.

Course Structure

The VTCT Level 3 Diploma in Nail Technology is a highly recognized qualification designed to develop your skills and knowledge in professional nail treatments. This course enables you to work confidently and safely within the beauty industry.

To optimize the course timeframe, we have created a home-based theoretical video course, allowing you to study comfortably at your own pace. This ensures that your in-person academy time is dedicated to practical training.

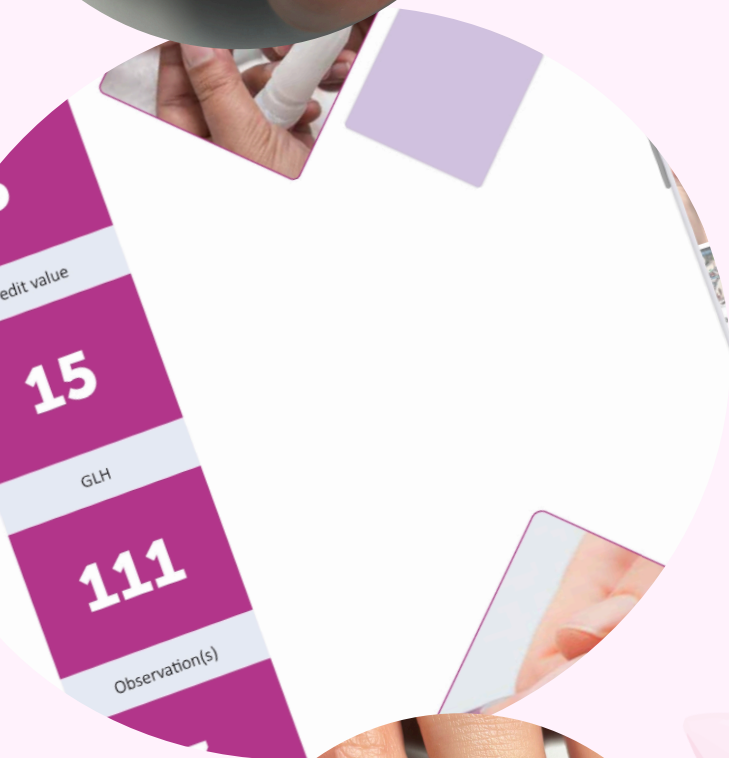

Home-Based Learning Covers the Following Theoretical Subjects:

- Health & Safety in the Salon
- Client Care and Communication
- Maintaining Professionalism and Personal Well-being

In-Person Learning Covers:

- Manicure & Pedicure Treatments
- Nail Enhancements (Acrylic & Gel Systems)
- Nail Art Techniques
- Electric File Usage
- Display and Promote Products in Salon

As this is a recognized qualification, you will be required to complete both practical and theoretical assessments and assignments throughout your training to obtain your certificate.

What is included with the Course

At the time of subscription, you will receive an introduction pack containing your contract, policies, and a printed theoretical manual.

A few days later, you will receive an email with video lessons that must be completed at home. The online theory portion must be finished before the exam dates.

On your first practical lesson, you will receive a **KIT OF PRODUCTS**. This kit can be kept at the academy or taken home, but **MUST BE BROUGHT BACK ON PRACTICAL DAYS**. Without your kit, you will not be able to practice.

THE KIT INCLUDES:

- UV/LED lamp
- Mobile Drill
- Drill Bits
- Cuticle tools
- Pads
- Forms
- Tips
- Files & Buffers
- Brushes
- Cleanser
- Nail Prep
- Acid free
- Gel Products
- Acrylic products
- Cuticle oil
- Pedicure Rasp

Our Policy

During the course, we will assess you in different subjects to verify your knowledge and skill development. If necessary, we will create an action plan to help you improve specific areas of learning.

Your assessments will be conducted using a combination of the following methods:

Practical Observations: demonstrate your newly acquired skills through a practical assessment held at the academy. During these assessments, you will be required to bring a model and complete a task within the given time. The assessment criteria will be openly discussed before the examination to ensure students are well-prepared.

Written Assignments & Homework: showcase your theoretical knowledge through research and study. Open-ended questions will be provided for you to complete at home, ensuring you have acquired all the required knowledge before taking the exam.

Multiple-Choice Exams: test your understanding of key theoretical concepts through multiple-choice exams. These assessments are prepared by VTCT and are standardized across all centers. Exams will be conducted at the academy following VTCT assessment guidelines. To pass, you must achieve at least 70% correct answers.

Portfolio of Evidence: throughout the course, you will be required to collect and submit a portfolio of evidence, including:

- Written assignments
- Step-by-step procedure records
- Pictures of your practical work

This portfolio will serve as a record of your progress and demonstrate your competency in each area.

DON'T PANIC! Your teachers and assessors will help you at all time to achieve all the evidences and assessments needed to obtain the certification. With commitment and hard work, you will be able to make it easily!

Complaints & Appeals Process

We strive to provide a fair and supportive learning environment. If you have concerns regarding your course, assessments, or any aspect of your learning experience, please follow these steps:

Complaints Procedure

1. Speak to your tutor or assessor informally to resolve the issue.
2. If unresolved, submit a formal complaint in writing to the center manager.
3. The center will investigate and respond within 10 working days.
4. If you are still dissatisfied, you may escalate the complaint to VTCT.

Appeals Procedure (Assessment Dispute)

1. Discuss the assessment outcome with your assessor.
2. If unresolved, submit an appeal to the internal quality assurer (IQA).
3. If the issue remains unresolved, an external appeal can be made to VTCT.

All complaints and appeals must be submitted within 10 working days of the issue arising.

Code of Conduct

As a student of the VTCT Level 3 Diploma in Nail Technology, you are expected to uphold the highest standards of professionalism, respect, and dedication to learning. This includes:

1. Attendance Policy

- Students must maintain a minimum 85% attendance throughout the course. Engaging in learning activities and maintain focus during the lessons is required.
- A minimum of 70% attendance is required to be eligible for exams.
- Punctuality is important! Late arrivals disrupt lessons and may result in being denied entry to class (for example during assessments).
- If a student is unable to attend a session, they must inform the academy in advance and provide valid reasons for their absence.
- Excessive absences may result in disciplinary action or removal from the course.

2. Salon Health & Safety Rules

- Hygiene is crucial: hands must be clean, and nails well-kept before all practical work.
- Workstations must be kept clean and tidy at all times.
- Equipment and tools must be sanitized before and after each use.
- Proper waste disposal must be followed for used materials.
- Any accidents or injuries must be reported to an instructor immediately.

3. Uniform & Professional Appearance

To maintain a professional learning environment, students must adhere to the following uniform guidelines:

- Clothing: Black t-shirt, black trousers, enclosed shoes, and a black apron/tunic.
- Hair: Must be neatly pinned up and kept tidy.
- Jewelry & Accessories: No bracelets, rings, or other jewelry that may interfere with treatments.
- Personal Hygiene: Students must maintain high personal hygiene standards. Clean, well-maintained uniforms must be worn at all times.

4. Practical Lessons & Equipment

- Students will receive a Kit of Products for practical training. This kit can be kept at the academy or taken home but must be brought back on practical days.
- Without the kit, students will not be able to participate in practical sessions.
- All tools and products must be used responsibly and maintained properly.

5. Classroom Etiquette & Learning Environment

- Mobile phones must be switched off or set to silent during lessons.
- Eating and drinking (except water) are not allowed in the classroom or salon area outside consent from teacher/assessor.
- Disruptive behavior, bullying, or discrimination will not be tolerated and may result in disciplinary action.
- All assessments must be completed within the given deadlines.

6. Disciplinary Procedures

Failure to comply with the Code of Conduct may result in:

- Verbal or written warnings.
- Temporary suspension from practical sessions.
- Dismissal from the course for repeated or severe misconduct.

Get Support From Us

We understand that every learner has different needs, and we are here to support you throughout your journey. The following services are available:

- Academic Support
- Extra tutoring for theory and practical skills.
- Study groups and students support sessions.
- Guidance on exam preparation and portfolio completion.
- Career Support
- Advice on job placements and career progression.
- Help with CV and interview preparation.
- Information on further qualifications (e.g., VTCT Level 4 courses).

If you need any assistance, please contact your tutor or assessor. We are happy to help!
